COFFEE PERCOLATOR

Capacity 110cup/ 15ltr

Instructions for safe use.

- ☒ Do not fill over the max line
- ☒ Do not touch when it's hot, use handles or knobs
- ☒ Do not move the unit when full of hot water, empty using the tap beforehand.
- ☒ Do not turn on the unit when empty.
- ☒ Allow to cool before cleaning
- ☒ Do not use if the power cord is damaged.
- ☒ Do not place near an oven or any heat source as the unit may be damaged.

Operating instructions.

- ☒ Remove coffee filter and water pipe. Add cold water.
- ☒ Add coffee. The coffee must not reach higher than 2cm below the top of the filter.
- ☒ Put on lid and twist to lock.
- ☒ To heat the coffee; insert plug into standard 2kw plug socket and switch on the unit. The heating indicator should light up.
- ☒ When the coffee is made, the unit will switch to the keep warm mode and the keep warm indicator should light up. This will keep the coffee at a suitable temperature.
- ☒ After using switch off and unplug.
